EDUARD JHON SARMIENTO

SOFTWARE DEVELOPER/QA TESTER

09932284599 eduardjhonsarmiento24@gmail.com Cebu city, Cebu

ABOUT ME

Detail-oriented Software Engineer with 1,200+ internship hours at Kyocera Philippines, experienced in C#, software testing, Jira, Linux, and Windows environments. Developed full-stack web and mobile applications using React, React Native, Laravel, Node.js, and PHP. Experienced in technical support, system maintenance, and IT instructor, with strong communication and problem-solving skills.

EDUCATION

2023-2026

Associates in Computer Technology
University of San Jose-Recoletos

EXPERIENCES

2026
Passerelles Numeriques
Philippines

PN System - Technical Support
Responsible for maintaining and supporting internal organizational systems, ensuring stability, performance, and reliability. Monitored system functionality, resolved technical issues, and implemented improvements to enhance operational efficiency.

2025 Internship
Kyocera - Philippines

Software Engineer
Completed 1,200 hours as a Software Engineering Intern, contributing to software development and testing processes. Participated in building features, debugging issues, and conducting system testing to ensure quality and reliability of applications.

2026
Children of Asia

IT Instructor
Conducted hands-on IT training for Children of Asia scholars during a summer camp program. Taught fundamental computer concepts, programming basics, and practical technology skills while creating engaging learning activities. Guided students through projects, provided technical support, and fostered a collaborative learning environment for learners from diverse academic backgrounds.

2026
Concentrix CVG Philippines Inc,

Advisor 1
As an Advisor 1 under a Financial Technology (FinTech) account, I assisted customers with account concerns, transaction inquiries, payment issues, and technical problems. I provided effective solutions, ensured customer satisfaction, and maintained professionalism while protecting confidential information.
